## **New Home Staging**

### **Just moved in and want a stylist to help turn your house into a home?**

In our fast paced world, your professional Home Stagers stylist can help you when you've just moved in to create a home from your new house. Ideal if you want to get results quickly, without having everything in boxes for months. We first oversee the placement of the furniture as it comes off the van to make sure each room has it's living function straight away. And once your boxes are unpacked, and your accessories are placed to enhance your new home, you feel at home from day one.

We even fill your fridge and cupboards with the essentials.

Your project is unique, and your consultant can provide a project estimate based on your unique requirements as part of the [Home Sale](#) or [Home Interiors](#) Consultation - call 0800 542 8 952 to schedule a Home Consultation.

FREE subscription to [The Home Stager](#) newsletter to keep you up to date with what is happening in the property market
